

instax[®] SQUARE SQ6 HYBRID INSTANT CAMERA

Real life, beautifully squared.
INSTANT PRINT + DIGITAL TECHNOLOGIES

Share in an instant with the extraordinary INSTAX[®] Instant Camera and Film. Take wonderful, one-of-a-kind photos and watch them develop!

Since Square film was well accepted in the market with the launch of the INSTAX SQUARE SQ10, the INSTAX SQUARE SQ6 was developed. The INSTAX SQUARE SQ6 is the first analog instant camera within the INSTAX SQUARE lineup. It is the perfect tool for users who want to be creative and use instant photos to express themselves and their everyday moments on a square film format.

Specifications

Instax Square 6 Camera

- o Auto Exposure Control
 - The high performance flash automatically calculates surrounding brightness and adjusts shutter speed.
- o Selfie Mode
 - Assists with taking selfies with exposure/focal length control.
- o Three color filters
 - Includes three color filters (orange, purple and green) that can be fitted over the flash of the SQ6 to add color to your photo
- o Only takes INSTAX SQUARE Film (sold separately)
