

PROFESSIONAL VIDEO TRIPOD with Claw-Ball Fluid Head

Rapid setup, quick head leveling for a smooth even 360° pan, steady, shake-free operation and the ability to handle super VHS and Hi-8 cameras up to 15 pounds at a reasonable price, make the Samigon BSA650 the perfect tripod for the educational, industrial, wedding and advanced videographer.

The BSA650 has the traditional "claw-ball" head found on top of the line video tripods. It allows easy leveling, even on uneven ground, and a flat smooth even pan. The claw-ball head is featured on tripods which cost three times the price.

- **Claw-ball levelling assures even, horizontal panning**
- **30" - 59" height range**
- **All-metal fluid head**
- **3-section tandem legs**
- **Retractable rubber/spiked feet**
- **Aluminum alloy construction**
- **Anti "dump" mechanism**
- **Built-in bubble level**
- **Quick release plate**
- **Adjustable handle position**
- **For cameras up to 15lbs**
