**Share in an instant with the extraordinary INSTAX® Instant Camera and Film. Take wonderful, one-of-a-kind photos and watch them develop!**

As you know, the INSTAX Mini 8 cameras have been available for approximately 4+ years – which is quite a long time in a fast moving & changing technology-driven world. The reason is very simple – these cameras have filled a need for fun and originality with immediate results that can be shared instantly with anyone, anywhere, anytime!

And the fun and excitement continues....The new INSTAX Mini 9 cameras have the same body as the current Mini 8 model, but have a selfie mirror (similar to the Mini 25 and Mini 70) and come with a Macro lens attachment.
