

instax[™] Share Printer 2

The must-have
mobile accessory

Totally new design,
beautiful image quality,
improved WiFi
connection, quieter
operation and
improved app

The new **instax SHARE SP-2** that lets you print out your best smartphone pictures faster than ever in high quality credit-card sized prints. Following an incredible response from customers, Fujifilm continues to expand the INSTAX product line to give users even more ways to get creative with their instant pictures that can be shared quickly in-person and online with **#myinstax**. This next generation instax SHARE SP-2 features a sleek body, crisp image quality, improved WiFi connectivity and a refined operation, all in two new body colors – Silver and Gold – with added texture for classic good looks. The new SHARE SP-2 improves its speed over the original Share SP-1 by printing smoothly and quietly in just 10 seconds compared to 16 seconds in the previous model.

Specifications

Instax Share Printer 2

- Available in Silver and Gold body colors
- Create instax photos by sending images from smartphones and tablets using the free SHARE app
