

SanDisk®

SanDisk Ultra® Backup USB Flash Drive SDCZ40-XXX-A11 Americas

Description

Introducing the first USB flash drive with a backup button.

No wires, no fuss, just an easier way to protect your favorite photos, videos, songs so you'll always have them with you.

Back up critical files at the touch of a button with the SanDisk Ultra® Backup USB Flash Drive. With up to 64GB* of storage, choose the size you need to protect your digital valuables wherever you go. Plus, password protection and AES hardware encryption keep critical business files safe—all from the minds behind flash memory.

With our patent pending backup technology, the SanDisk Ultra Backup USB Flash Drive is one of the simplest ways to protect digital valuables quickly in the office or at home—at the touch of a button.
