

SAMIGON ITEMS BACK IN STOCK

The following items are now in stock for immediate delivery.

Camera Grip & Stand

Unique and Innovative! Leather hand grip holds camera snugly in the palm of your hand for quick shooting!

Use as a grip, or a camera stand, and also allows you to put your camera on a tripod without taking the base plate off the camera!

Camera stand folds neatly out of the way against the camera base when not in use. A shoulder strap can also be attached to the other side of the camera (like Camera Strap Buddy) to allow you to carry your camera vertically against your body.

Neoprene Straps

Made of neoprene, the same material used to make wetsuits. They are very soft and elastic, and a slip proof backing prevents the strap from falling off your shoulder. The straps are extremely comfortable, the elasticity absorbs the weight of heavy cameras.
