

SIRUI TX SERIES PROFESSIONAL TRIPODS

Legs fold up 180° for extra compactness

Winner of Germany's Foto Magazin Tripod Quality Test - M3204

Winner of Camera Magazine Innovative Imaging Product of the Year - TX Series

5 of the Top 10 Ball Heads in Germany's "Traumflieger Test of 33 Ball Heads" are Sirui Ball Heads

TX series tripods - our most compact full-size tripods - specifically designed with the traveler in mind.

For easy storage and transport, the tripod can fold as small as 13.4 in (34cm.) - about the size of a 2L water bottle - and weighs as little as 1.8 lb (0.8kg) !!

You can easily fit a TX tripod into a backpack, camera bag or carry-on luggage!

The TX Series tripods have a unique leg mechanism that allows you to fold the legs up 180°. This allows the tripod to be folded significantly smaller than comparably sized tripods with conventional leg designs.

Simply depress the leg angle lock and invert the legs 180°. An added advantage is that you can keep a ball head on the tripod and it will still fit in the compact carrying case that's included.

T-1005X
Recommended Ball Heads:
K-10X, G-10X

T-1205X
Recommended Ball Heads:
K-10X, G-10X

T-2005X
Recommended Ball Heads:
