SIRUI TX SERIES PROFESSIONAL TRIPODS

TX Series

**Our most compact, full-sized tripods
specifically designed with the
travel in mind.**

**Legs fold up 180° for
extra compactness**

TX series tripods - our most compact full-size tripods - specifically designed with the traveler in mind.

For easy storage and transport, the tripod can fold as small as 13.8 in (35cm) - about the size of a 2L water bottle - and weighs as little as 2.0 lb (0.9kg) !!

You can easily fit a TX tripod into a backpack, camera bag or carry-on luggage!

The TX Series tripods have a unique leg mechanism that allows you to fold the legs up 180°. This allows the tripod to be folded significantly smaller than comparably sized tripods with conventional leg designs.

Simply depress the leg angle lock and invert the legs 180°. An added advantage is that you can keep a ball head on the tripod and it will still fit in the compact carrying case that's included.

T-1005X

Recommended Ball Heads:
K-10X, G-10X

T-1205X

Recommended Ball Heads:
K-10X, G-10X

T-2005X

Recommended Ball Heads:
K-20X, G-20X

T-2205X

Recommended Ball Heads:
K-20X, G-20X

What's included:

Short center column,
custom case, padded strap,
tools, instruction manual,
warranty card

Features

1. The ideal tripod for travelers - full-sized, but folds down small
2. Legs fold up 180° for extra compactness
3. The center column can be inverted for angle shots
4. For speed and convenience, each leg has an automatic leg angle lock mechanism
5. Short center column is supplied for low angle or macro shooting.
6. Three position leg angle for uneven terrain.
7. Your choice of economical aluminum or ultra lightweight carbon fiber.
8. TX 2 Series has retractable spikes for outdoor photography.
9. Short center column can be screwed into standard center column for increased height.
